### THE ROBERT F. STOICO/FIRSTFED CENTER FOR BREAST CARE

# Clinical Excellence. Comprehensive Services. Compassionate Professionals.

## **The Robert F. Stoico/FIRSTFED Center for Breast Care at Saint Anne's Hospital**

offers comprehensive breast health resources in one convenient location.

If it is time for your regular mammogram, if you detect a suspicious lump or a change in your breast, or if you are concerned because there is a history of breast cancer in your family, the center is designed to coordinate with your primary care physician or gynecologist the full range of diagnostic and therapeutic services you require.

From initial screening, diagnostic mammography, ultrasound, MRI, and biopsy, to consultation for treatment recommendations and ongoing

coordination of services, the center brings together advanced technology and a highly trained staff in a specially designed location.

## **Our nurse navigator provides coordination for all follow-up and treatment care needs.**

At Saint Anne's Hospital, we strive to assist patients to participate in their health care. In consultation with their physician, each patient receives a personalized plan of care that promotes their breast and overall health.

### **Services available at the Center**

- Advanced diagnostic and screening capabilities, including digital mammography, ultrasound, and breast MRI with quick results
- Coordination by our Nurse Navigator of all follow-up and treatment needs
- Stereotactic breast biopsy, which offers patients a quicker, less invasive alternative to traditional biopsy
- Surgical consultation coordinated with primary care physician/gynecologist
- Needle localization for surgical biopsy
- Cyst aspiration using ultrasound guidance
- Ultrasound-guided needle core biopsy
- Sentinel node mapping and biopsy
- Referral to specialized genetic testing
- Referral to social work services and spiritual care services
- A range of educational programs and referral to support programs
- Community outreach and dedicated screening mammography events

**YOU HAVE THE RIGHT TO SELF-REFER  
FOR A SCREENING MAMMOGRAM.  
508-235-5353**

*Interpreter Services Available*

### **Our team**

Our multidisciplinary team includes nurses, mammography and ultrasound technologists, radiologists, pathologists, and surgeons with special interest and expertise in breast conditions and breast health. When needed, our team can coordinate with the medical and radiation oncologists from Saint Anne's Hospital Regional Cancer Center who staff the Hudner Oncology Center in Fall River on the hospital campus and our Dartmouth location. Other Saint Anne's Hospital Regional Cancer Center staff, including a dietitian, social worker and outreach and support staff, are also available to provide our patients with the full array of treatment and care.

### **Hours of operation**

The Stoico/FIRSTFED Center for Breast Care offers convenient hours, including evening and weekend appointments for mammograms. Screening and diagnostic mammograms are available quickly.
