

Where to Go When You are in Labor or are Scheduled for a Cesarean Section or Induction

It is always best to call your OB Provider's office first or the answering service (if after hours) prior to coming into the hospital so that we can be prepared for your arrival.

The entrance for the St. Margaret's Center, where Labor & Delivery (L&D) is located, is currently closed due to COVID restrictions; however, this could change in the near future so be sure to check with your OB Provider.

If you are in labor or are scheduled for a cesarean section or induction and arrive at the hospital between the hours of 7AM and 8PM, please proceed through the Seton Main Entrance and register at the St. Margaret's Center Registration area on the 5th Floor by taking **Elevator D**.

- The St. Margaret's registration area is at the end of the 5th floor hallway behind the glass. After registering, you will be escorted to Labor & Delivery on the 7th floor.
- The best address to get to the Seton Main Entrance is 11 Nevins Street, Brighton, MA.
- The Seton Main Entrance is open 5AM-8PM, seven days a week.
- We suggest you park in the visitor parking area of Garage B.

If you arrive in labor or are scheduled for a cesarean section or induction before 7AM or arrive at the hospital after 8PM, please proceed to the Emergency Department (ED) on Washington Street for registration.

- You will then be escorted to Labor & Delivery.
- Parking is permitted in the ED parking lot and please notify the staff on L&D and they will have your car moved by our valet.

If you are positive for COVID-19, please contact L&D directly at 617-562-7050 to notify them prior to your arrival at the hospital.
