

A 10-MINUTE  
HEART SCAN  
MAY SAVE  
YOUR LIFE.

**\$69**

**HeartView  
Screening**

A HeartView Screening is specially priced at \$69 for a limited time and does not require a doctor's order.

Detecting heart disease long before symptoms occur, the 10-minute, non-invasive HeartView Screening can save lives. For less than the cost of dinner and a ball game, you can receive an accurate scan of the heart without unbuttoning a shirt. This noninvasive diagnostic test is performed on our CT scanner and enables doctors to see the tiniest plaque buildup that may be an indication of early heart disease. Heart problems are treated sooner, and that leads to a faster recovery and a healthier future.

*Screening not billed to insurance.*

## LIMITED TIME OFFER

To schedule a heart scan or inquire about a gift certificate, call

**1-866-431 WELL (9355)**

or go to
