

HEALTH CARE FOR ALL

PFAC Annual Report Form

Health Care For All (HCFA) promotes health justice in Massachusetts by working to reduce disparities and ensure coverage and access for all. HCFA uses direct service, policy development, coalition building, community organizing, public education and outreach to achieve its mission. HCFA's vision is that everyone in Massachusetts has the equitable, affordable, and comprehensive care they need to be healthy.

Why complete an annual report for my PFAC?

Under Massachusetts law, hospital-wide PFACs are required to write annual reports by October 1st each year. These reports must be made available to members of the public upon request. As in past years, HCFA is requesting a copy of each report and submitted reports will be posted on HCFA's website, www.hcfama.org. HCFA recommends using this template to assist with information collection, as well as the reporting of key activities and milestones.

What will happen with my report and how will HCFA use it?

We recognize the importance of sharing of information across PFACs. Each year, we

- make individual reports available online
- share the data so that PFACs can learn about what other groups are doing

Who can I contact with questions?

Please contact us at PFAC@hcfama.org or call us at 617-275-2982.

If you wish to use this Word document or any other form, please email it to
PFAC@hcfama.org.

Reports should be completed by October 1, 2019.

The survey questions concern PFAC activities in fiscal year 2019 only: (July 1, 2018 – June 30, 2019).

27. The five greatest challenges the PFAC had in FY 2019:

27a. Challenge 1:

Mid-way through the 2019 calendar year the group has embraced a significant change in leadership across the quality department. This transition period has temporarily delayed progress on some of our goals and warranted regrouping in order to re-establish continued forward momentum.

27b. Challenge 2:

The committee continued to work on the consistent integration of PFAC members into hospital committees. Scheduling and time commitment are continued obstacles for this initiative.

27c. Challenge 3:

Recruitment of new patient members that reflect the diversity of services the hospital provides.

27d. Challenge 4:

Anticipated change over in PFAC membership with a co-chair stepping down due to time constraints and the transition to a new co-chair

27e. Challenge 5:

Managing project momentum given the often-fluctuating member availability in the setting of multiple competing demands for time.

N/A – we did not encounter any challenges in FY 2019

28. The PFAC members serve on the following hospital-wide committees, projects, task forces, work groups, or Board committees:

- Behavioral Health/Substance Use
- Bereavement
- Board of Directors

- N/A – the PFAC members did not participate in any of these activities

32. The hospital shared the following public hospital performance information with the PFAC (check all that apply):

32a. Complaints and serious events

- Complaints and investigations reported to Department of Public Health (DPH)
- Healthcare-Associated Infections (National Healthcare Safety Network)
- Patient complaints to hospital
- Serious Reportable Events reported to Department of Public Health (DPH)

32b. Quality of care

- High-risk surgeries (such as aortic valve replacement, pancreatic resection)
- Joint Commission Accreditation Quality Report (such as asthma care, immunization, stroke care)
- Medicare Hospital Compare (such as complications, readmissions, medical imaging)
- Maternity care (such as C-sections, high risk deliveries)

32c. Resource use, patient satisfaction, and other

- Inpatient care management (such as electronically ordering medicine, specially trained doctors for ICU patients)
- Patient experience/satisfaction scores (eg. HCAHPS - Hospital Consumer Assessment of Healthcare Providers and Systems)
- Resource use (such as length of stay, readmissions)
- Other (Please describe):

N/A – the hospital did not share performance information with the PFAC – **Skip to #35**

33. Please explain why the hospital shared only the data you checked in Q 32 above:

We share our monthly hospital score card with PFAC members which is inclusive of the items selected above.

34. Please describe how the PFAC was engaged in discussions around these data in #32 above and any resulting quality improvement initiatives:

The PFAC reviews and engages in discussions around hospital quality data. During 2019, the PFAC collaborated with the Readmissions Committee to reduce readmissions and improve patient education via the development of Heart Failure and COPD patient teaching materials.

35. The PFAC participated in activities related to the following state or national quality of care initiatives (check all that apply):

35a. National Patient Safety Hospital Goals

- Identifying patient safety risks
- Identifying patients correctly
- Preventing infection
- Preventing mistakes in surgery
- Using medicines safely

- Checklists
- Electronic Health Records –related errors
- Hand-washing initiatives
- Human Factors Engineering
- Fall prevention
- Team training
- Safety

35c. Decision-making and advanced planning

- End of life planning (e.g., hospice, palliative, advanced directives)
- Health care proxies
- Improving information for patients and families

Informed decision making/informed consent

35d. Other quality initiatives

Disclosure of harm and apology

Integration of behavioral health care

Rapid response teams

Other (Please describe):

N/A – the PFAC did not work in quality of care initiatives

36. Were any members of your PFAC engaged in advising on research studies?

Yes

No – Skip to #40 (Section 6)

37. In what ways are members of your PFAC engaged in advising on research studies? Are they:

Educated about the types of research being conducted

Involved in study planning and design

Involved in conducting and implementing studies

Involved in advising on plans to disseminate study findings and to ensure that findings are communicated in understandable, usable ways

Involved in policy decisions about how hospital researchers engage with the PFAC (e.g. they work on a policy that says researchers have to include the PFAC in planning and design for every study)

38. How are members of your PFAC approached about advising on research studies?

Researchers contact the PFAC

Researchers contact individual members, who report back to the PFAC

Other (Please describe below in #38a)

None of our members are involved in research studies

38a. If other, describe:

39. About how many studies have your PFAC members advised on?

1 or 2

3-5

More than 5

None of our members are involved in research studies

Section 7: PFAC Annual Report

We strongly suggest that all PFAC members approve reports prior to submission.

40. The following individuals approved this report prior to submission (list name and indicate whether staff or patient/family advisor):

41. Describe the process by which this PFAC report was completed and approved at your institution (choose the best option).

- Collaborative process: staff and PFAC members both wrote and/or edited the report
- Staff wrote report and PFAC members reviewed it
- Staff wrote report
- Other (Please describe):

Massachusetts law requires that each hospital's annual PFAC report be made available to the public upon request. Answer the following questions about the report:

42. We post the report online.
