

Schedule a HeartView Scan

Each year in the United States, over 150,000 people die from heart attacks with no prior symptoms.

The key to prevention? Early diagnosis.

If you have a family history of heart disease or other contributing factors, scheduling a HeartView Scan (calcium scoring screening) could help reduce your risk. It only takes 30 minutes or less.

This totally non-invasive screening, performed with our CT technology, allows doctors to see the tiniest plaque buildup or damage.

Ask your physician today about scheduling your HeartView Scan.

A physician order is required for the scan.

Specially Priced

\$125.00

For screening information, call 318-329-8590 or to schedule your HeartView scan, call Central Scheduling 318-329-8585.

Screenings are performed at our North Monroe location only.

Order for CT Calcium Scoring Screening

\$125 paid at time of screening includes radiology reading. No bill will be sent to patient.

Date: _____
